Subject: WebEx for SSP call
www.integral-corp.com

Hi Stephanie,

We would like the opportunity to walk through some maps and GIS to support our discussion of SSP locations tomorrow. Have we worked out a robust way for all of us to get on a web conference? I can set up a GoTo meeting, but I am not sure if you are able to get on that one. Maybe someone else can initiate the meeting and pass control to me?

Thank you,

Marcia
